## Safe Entry/Exit from the Park Place Garage and Driveway

**Management has received multiple reports regarding residents and guests who are making an illegal turn from Kettner Boulevard into the garage driveway. Many times, cars making these illegal turns pull into the garage area through the exit driveway used only for vehicles that are leaving the garage.**

**There have been many near head-on collisions and pedestrian collisions. For your safety and the safety of others, do not attempt to make a left turn into the garage driveway when going northbound on Kettner.**

**This is not only a hefty fine if caught by a police officer; but also a safety hazard for our residents.**

**For safe entry into the garage from Harbor Drive, please circle around the block (Harbor Drive, right on Pacific Highway, right on W. G Street, right on Kettner). Then make a safe right turn into the garage entrance driveway going southbound on Kettner.**

**Thank you for your cooperation and concern!**
